3. Applicability

40 CFR part 441 applies to dental dischargers, meaning, “a facility where the practice of dentistry is performed, including, but not limited to, institutions, permanent or temporary offices, clinics, home offices, and facilities owned and operated by Federal, state or local governments, that discharges wastewater to a publicly owned treatment works.”

Dental facilities that exclusively practice one or more of the following dental specialties: Oral pathology, oral and maxillofacial radiology, oral and maxillofacial surgery, orthodontics, periodontics, or prosthodontics are exempt from this rule; mobile dental units; and dental dischargers that do not discharge any amalgam process wastewater to a treatment plant (those which collect all dental amalgam process wastewater for transfer to a Centralized Waste Treatment facility), are exempt from the rule.

Please select one of the following:

☐ This facility is exempt for the following reason (check one):
  ☐ it exclusively practices a dental specialty including: Oral pathology, oral and maxillofacial radiology, oral and maxillofacial surgery, orthodontics, periodontics, or prosthodontics
  ☐ it is a mobile unit
  ☐ it discharges wastewater to a septic tank, not a treatment plant
  ☐ all dental wastes are discharged to a holding tank or similar device for transfer to a Central Waste Treatment Facility
