

Badger Mill Creek Stakeholder Group Agenda – December 2023

Wednesday, December 13, 2023

Madison Metropolitan Sewerage District

Maintenance Facility Training Center

1610 Moorland Rd, Madison, WI 53713

Enter Gate 4; find wayfinding maps/instructions at madsewer.org/contact/wayfinding/

9am to 9:30 coffee and conversation

9:30 to 11am stakeholder group meeting

Desired outcomes

- Close out the year with an initial shared understanding of:
 - Desired outcomes for Badger Mill Creek
 - Current and potential projects that can impact those outcomes
 - Information gaps and topics of interest
- Share additional information on current/potential projects
- Gather information to help shape topics for January/February

Operating agreements

- Start on time. End on time.
- Be present. Give this work and your fellow participants your full attention. Limit use of electronic devices.
- Encourage understanding. Speak plainly, ask questions, listen for understanding, allow some silence.
- Take good care of the group. We make stronger decisions by including all stakeholder values, experiences, and perspectives.
- Take good care of yourself. Come prepared. Let us know what's working and what else you need.
- Participants will work toward having a good working relationship with our organizations to achieve our shared goals about finding solutions involving MMSD's million dollar offer to help with the health and resiliency of the Badger Mill Creek. To this end, we will work in earnest to try and find any and all solutions.

<i>Time</i>	<i>Topics & activities</i>
