- Encourage understanding. Speak plainly, ask questions, listen for understanding, allow some silence.
- Take good care of the group. We make stronger decisions by including all stakeholder values, experiences, and perspectives.
- Take good care of yourself. Come prepared. Let us know what’s working and what else you need.
- Participants will work toward having a good working relationship with our organizations to achieve our shared goals about finding solutions involving MMSD’s million dollar offer to help with the health and resiliency of the Badger Mill Creek.
