

The Madison Metropolitan Sewerage District project to replace critical wastewater infrastructure will have phased ramp closures at Highland Ave. Detailed maps with closures and detours for affected travel modes will be available before each stage begins. Stage 1 begins May 12, 2025. For project details, visit madsewer.org/highland. For campus parking and travel impacts, visit transportation.wisc.edu.

-  Highland Avenue sewer project work areas
-  Hospital and university parking
-  Recommended emergency route

Map Date: 3/31/2025
